Tibetan Singing Bowls – The ancient brain entrainment methodology for healing and meditation. Tibetan Singing Bowls have been used for centuries for healing and meditation purposes. They create a range of sounds to restore the normal vibratory frequencies of diseased and out-of-harmony parts of the body, mind and soul. The sounds generated by Tibetan Singing Bowls are a type of energy medicine that promote healing from stress disorders, pain, depression, and most forms of dis-ease. Healing processes are initiated through entraining our brainwaves to synchronise with the perfect resonance of the bowls. Unique tones create the perfect state for deep meditation, creative thinking and intuitive messages. **6,000Rs**

Reiki & Chakra balancing

The Chakras are checked and assessed at the beginning of this treatment in more detail. With the practitioners use of guided Psychic intuition and Pendulum diagnosis. Blockages can be identified as spiritual, mental, emotional or physical and timelines associated with these blockages may be discovered allowing the practitioner to focus more on the given chakras that need realignment. Donovan was educated by Steve Burgess at '7 Stones' the school and home of Siam Reiki in Ubon, Northern Thailand, which holds fast to the thorough training and the ancient guidelines of energy healing **8,000Rs**

Reiki & crystal healing: The crystals are added to the reiki treatment to amplify the Reiki energy, this method is less hands on and the experience is that of an energetic bathing of the senses. The practitioner may also place their hands in areas where they feel need attention according to how the 'story' of the treatment progresses and the energetic reactions of the client. **8,000Rs**

Thai Lanna Tok Sen Massage is a centuries old Northern Thai practice developed by Buddhist Monks. It is a rhythmic method of tapping using a special wooden hammer and wedge (called a 'Limb' and 'Khone') combined with Thai acu-points that creates a healing vibration working deeply through the fascia and muscles in the body. Tok Sen helps with physical aches and pains, energy blockages, poor circulation, nerve problems and creates relaxation from the core level out. Donovan was educated at Sirichan clinic in Chiang Mai Thailand by his Master Monk Suppachai. **90 min 10,000Rs**
